To whom it May Concern:

I am very pleased to write this letter of recommendation for Boardwalk Contractors, Inc. As Senior Field Manager I have worked closely with Brian Schaumburg and his team on over 100 property preservation and rehabilitation projects. Throughout each project Boardwalk Contractors quality of work and service has been exceptional and I have found that the team at Boardwalk has been a valuable partner in the appearance and success of our projects.

Sincerely,

A handwritten signature in black ink, appearing to read "W. Kemper", with a long horizontal line extending to the right.
